OUR VISION

Educate Enlighten Empower

Circular No. SIS/107/2021-2022

6th January 2022

Dear Parent
Sir/Madam

Greetings from Sharjah Indian School.....

We all are aware that we have to go along and live with the new normals. We are optimistic and with full of positivity to ensure the minimum learning gap whatever be the situation. At the same time we keep safety, security, well-being (health & hygiene, mental, physical and social) and academic excellence of our students on top priority. Keeping in view the concern raised by the parents regarding the increase in the Covid-19 positive / close contact cases among students and teachers and at the same time taking into consideration the academic aspects and cognitive development of the students we have decided the following measures after serious discussions with all the stakeholders:

1. From Monday, 10th January 2022 onwards KG1, KG2 and Grade I to V will have online classes till further informations from our end.
2. Grade VI to XII will have Face to Face classes and their timing will be from 7:00 a.m. to 2:00 p.m. (students should reach the school on or before 6:50 a.m. and will leave the school by 2:10 p.m.).
3. Kindly contact the respective conductors on 08/01/2022 after 7:00 p.m. to get the exact bus timings and cooperate with them for a week or so as within 3 to 4 days the situation will settle down. We are trying our level best to see to it that transportation does not take more than 60 minutes but it all depends on the traffic condition and on your cooperation by being present on time in the bus stops provided.
4. Parents of students using private transport are required to make the necessary arrangements accordingly to drop and pick up the students as per the timings given above.
5. Within two days (after Monday, 10th January 2022) we are going to provide an option for hybrid learning mode also for your convenience, but we strongly recommend you to send your ward for the Face to Face classes unless and until due to some unavoidable situation or any health issues you are forced to keep them at home.

Kindly note the following:

- Please do not send your ward to school in case she has any symptoms of Covid-19 and also if your ward is having fever, flu, cough and any uneasiness.
- If anyone in the family (residing in the same house) is tested positive, immediately inform the same to the respective class teacher and help us stop the spread of Covid-19 being the worthy expatriates of this great country.
- All the students attending the Face to Face classes should wear mask, gloves and carry with them a small bottle of sanitizer.
- Students should attend the classes in proper school uniform.
- They should bring their own snacks, lunch and water which should not be shared with anybody.
- Students should strictly follow the social distancing norms.
- You are requested to update your ward with the latest Covid-19 protocols of the country which has to be followed while in the school campus and the school bus.
- School bags and stationery should be sanitized every day. All notebooks and textbooks should be put into a plastic bag and kept into the school bag while sanitizing.

Being our partners, let's be together to ensure sound health, covid free atmosphere and academic upliftment of your ward with minimum learning gap.

Looking forward for your utmost cooperation as always.

With regards,

**PRAMOD MAHAJAN
PRINCIPAL**
