Dear Parents, Sir/Madam

### Educational trip to NASA

Greetings from **Sharjah Indian School, Juwaiza!**

We at Sharjah Indian School believe in providing a conducive environment for learning to happen in a child. Learning cannot always be contained to the close confines of a classroom. It is the exposure that the children are provided with that prompts a spirit of enquiry in them and gives them the opportunity to explore. It is with this in mind that we have planned an exclusive 7 days fun-filled educational programme to **Orlando with Kennedy Space Center**, in collaboration with Musafir.com, a trusted tour provider whom we have been dealing with for a number of years now. This opportunity will be open for children of grades 8-12 (2018-19) only. This inspiring programme allows participants to discover advanced technology, participate in life transforming workshops, explore vibrant nature & indulge in loads of thrill on this exciting trip. We invite you to have an overview of the educational /cultural trip for students of **Grades VIII to XII** (2018-19) that is being proposed. Please rest assured that we shall see to the safety and security of every child in this trip.
